

18-21 September 2011 Vancouver, Canada

International Symposium on Rock Slope Stability in Open Pit Mining and Civil Engineering

Symposium Sponsorship Packages

We invite you to participate in the **Slope Stability 2011** symposium as one of our sponsors, a perfect place to promote your company and support the industry and professional development of engineers and geoscientists. This meeting will bring together over 400 delegates from North America and around the world to discuss the current challenges faced by professionals in the design and management of large open pit and civil engineering rock slopes.

The meeting will be held at the Sheraton Wall Centre in scenic downtown **Vancouver, British Columbia, Canada** from **September 18-21, 2011**. Sponsorship will also expose your company to the large number of university graduate students attending the meeting.

The following highlight the benefits of sponsorship at the various levels available, to help your organization connect with industry leaders, decision-makers and other professionals. To sponsor, visit our website at www.slopestability2011.ca or contact us directly.

Wayne Gibson, P.Eng.
